Senior Secondary (12th)

Govt. Queens Inter College

📅 2019   📍 **Varanasi**

Secondary (10th)

B.N.S.S.I.C

📅 2017   📍 **Varanasi**

CERTIFICATION

Programming For Everybody(Getting Started with Python)

University of Michigan   Coursera   📅 2022

Foundations of User Experience (UX) Design

Google   Coursera   📅 2022

The Bits and Bytes of Computer Networking

Google   Coursera   📅 2022

Technical Support Fundamentals

Google   Coursera   📅 2022

KEY ACHIEVEMENTS

Clinic Management System

Successfully developed a full-stack web application that enhances clinic management and improves patient record tracking

EXPERIENCE

Front Desk Associate

Dr.Faisal's Clinic

📅 2021-2024   📍 **Varanasi**

A clinic providing healthcare services to patients.

- Served as the first point of contact for patients and visitors
- Managed appointment scheduling and patient flow
- Assisted with patient check-in and check-out processes

PROJECTS

Clinic Management System

A full-stack web application built to manage patient records, billing, and clinical data for a small clinic.

- Developed full CRUD functionality for patient records, featuring a 'Care Of' system to manage family accounts and consolidated billing
- Engineered a real-time financial module to track patient dues, deposits, and clinic expenses with automated balance calculations
- Built a secure, responsive UI with role-based access and a dynamic analytics dashboard for monthly reporting.

Technologies:
- Front-End: React.js, Tailwind CSS
- Back-End: Google Firebase (Firestore, Authentication, Hosting)

SKILLS

HTML   CSS   JavaScript   Python

Google Firebase   React   Tailwind

Linux   TCP/IP
